Hello,

Sorry for replying late. I had to go out -Now tomorrow please be there definitely **at 5:30 -6:45 in 209 the Arts building**. The place you have been before.-I will start with the introduce that you are a very good teacher and teach Arabic both to Grownups and kids-how devoted you are into teaching and so on. I will not go to anything personal-you know the stuff ..

1) I want you to talk about the beauty of Arabic language. Now make it clear that **everybody should pronounce and** read the same if they read correct Arabic. So prepare on this a little.

2) Other topic is similarities and differences in Chris and Islam -Start from Abraham and how we view Jesus and Mary.

3) And on and -tell me what else you want to talk about- Thanks for everything.

Allah will give you the reward.

I loved the laptop-wish I was your student. The most beautiful educational gift my girls ever got.

Sincere Salaam and respect that comes from our heart
Sughra
