Mr. Jawhar,

That's perfect. We'll plan for the **29th of September instead of the 22nd**. I think it would be great to share the PowerPoint presentation with the students and then just leave time for their questions. Will we have time to do that within 1 class period? How long does the PowerPoint usually take? I'll have a better idea what their questions might be after next week. I'm finishing up my first unit and then we'll be headed on to the Middle East. One of the first things I will ask them is what questions they have concerning issues of the region. I'm sure their feedback will give me an idea as to what they may want to know about Islam. I have to get to cross country practice. Please keep in touch and let me know if you'd like to get together one more time before the 29th. That might give us a better chance to get things organized.

Miriam

Peace Ms. Barrick,  
I think 9/29 would work better, and give us more time to prepare.  
I am wondering if you want to do the presentation (power point) for the three classes, you may send any suggestion.  
Do you think, you may have some ideas about the students questions?  
I need the direction to the school.

Thank you very much.

Mahmoud Jawhar
